

HIV Contractor Assurances

1. ADVOCATE AND PROMOTE

The applicant agency assures that it does not advocate or promote conduct that violates state law, in compliance with the HIV Services Act, Texas Health and Safety Code, Section 85.011, as follows:

"Grants may not be awarded to an entity or community organization that advocates or promotes conduct that violates state law. This subsection does not prohibit the award of a grant to an entity or community organization that provides accurate information about ways to reduce the risk of exposure to or transmission of HIV."

2. CONFIDENTIALITY

The applicant agency and its employees or subcontractors, if applicable, provide assurance to the Department of State Health Services that confidentiality of all records shall be maintained. No information obtained in connection with the examination, care, or provision of programs or services to any person with HIV shall be disclosed without the individual's consent, except as may be required by law, such as for the reporting of communicable diseases. Information may be disclosed in statistical or other summary form, but only if the identity of the individuals diagnosed or provided care is not disclosed.

We are aware that the Health and Safety Code, §81.103, provides for both civil and criminal penalties against anyone who violates the confidentiality of persons protected under the law. Furthermore, all employees and volunteers who provide direct client care services or handle direct care records wherein they may be informed of a client's HIV status or any other information related to the client's care, are required to sign a statement of confidentiality assuring compliance with the law. An entity that does not adopt a confidentiality policy as required by law is not eligible to receive state funds until the policy is developed and implemented.

3. CONFLICT OF INTEREST

The applicant agency and its employees or subcontractors, if applicable, provide assurance to the Department of State Health Services that no person who is an employee, agent, consultant, officer, board member, or elected or appointed official of this agency, and, therefore, in a position to obtain a financial interest or benefit from an activity, or an interest in any contract, subcontract, or agreement with respect thereto, or the proceeds there under, either for himself or herself or for those with whom he or she has family or business ties, during his or her tenure or for one year thereafter shall participate in the decision making process or use inside information with regard to such activity. Furthermore, this agency will adopt procedural rules which require the affected person to withdraw from his or her functions and responsibilities or the decision-making process with respect to the specific assisted activity from which they would derive benefit.
