- Early Head Start – Home-Based Option
- Early Intervention Program for Adolescent Mothers
- Early Start (New Zealand)
- Family Check-Up® for Children
- Family Spirit
- Health Access Nurturing Development Services (HANDS) Program
- Healthy Beginnings
- Healthy Families America
- Home Instruction for Parents of Preschool Youngsters
- Intervention Nurses Start Infants Growing on Healthy Trajectories
- Maternal Early Childhood Sustained Home Visiting Program
- Maternal Infant Health Outreach Worker
- Maternal Infant Health Program
- Nurse-Family Partnership
- Parents as Teachers
- Play and Learning Strategies – Infant
- Promoting First Relationships – Home Visiting Intervention Model
- SafeCare Augmented
- Video Feedback Intervention to Promote Positive Parenting
- Video Feedback Intervention to Promote Positive Parenting and Sensitive Discipline

These Program Models have met U.S. Department of Health & Human Services criteria as evidence-based early childhood home visiting service delivery models. Program Models listed above are eligible for implementation under this RFA.

Summary information regarding these Program Models is available in the [Overview of the Implementation Guidelines for the Home Visiting Models Included in the HomeVEE Review](#) provided through the U.S. Department of Health & Human Services and the Administration for Children & Families. The overview is based on information provided by model developers and includes links to model-specific information and considerations. The overview does not determine whether the Program Models are eligible for implementation under this RFA.
